English Literature - 9	Physics - 6
English Language - 6	Biology - 6
Computer Science - 8	Statistics - 6
Geography - 8	French - 4

WORK EXPERIENCE

Barclays Bank

April 2025 & October 2025  
In this role, I learned about the mainframe at Barclays and the processes that happen to keep the systems running 24/7. I helped to fix some live issues, took part in challenges and learned about the Barclays degree apprenticeship program and the interview process.

FCHQ.IO

January 2022 - Present  
I have worked in a variety of roles at FCHQ. I have been a voulenteer "Playtest Team Leader" for over 175 weeks, testing the communities Fortnite creative map submissions. I am also a Blog Writer, Staff member, Beta Tester and Curator.

Meta, National Highways and Lloyds Bank - Online

October 2024, December 2024, April 2025  
In this role, I gained valuable work experience, learning how to tackle real life problems with data. With Meta, I analysed Ads through Ad Data, and decided which campaign was the best. With National Highways, I evaluated whether it would be beneficial to introduce Internet on the motorways, taking into count safety and cost. With Lloyds, I looked at homelessness data, and helped come up with a campain on how Lloyds could help tackle homelessness.

Senior Student

February 2025 - Present  
In this role, I help maintain Sir John Deanes' College values of "Curious Caring and Responsible" by helping out at open events on weekends, and helping to solve college wide problems. I also help feed back students views to the leadership team.

House Captain & Prefect

September 2023 - June 2024  
In this role, I helped at school open evenings and voulenteered at school events. For example, I demonstrated science experiments to the attendees. I helped fulfil various duties alongside teachers and helped to organise the school sports day. I was also part of the school green team, helping to make the school a more enviromentally friendly place.

I AM:

- Competent
- Hard Working
- Reliable

SKILLS

- Strong Communication skills
- Reliable
- IT Skills
- Good time management skills

INTERESTS

- Graphic Design
- Voulenteer Work
- Coding
- IT Skills
